Through : The Public Schools District Supervisors

DepEd Order No. 3, s. 2007 allows TEIs to use the classrooms of the public schools as the authentic laboratory for the Field Study Students and Student Teachers where they can observe, experience, validate and practice different theories they learned in the classrooms.

Responding to our commitment with the TEIs but at the same time conscious of the performance of our schools, this office hereby directs the school heads (attention: the FSS/Student Teacher School Coordinator) under the close supervision of the PSDS to take extra efforts in doing the following:

- Assign the Field Study Students (FSS) *whose names are in the list* to observe any teacher who shall be called Resource Teachers (RTs);
- Orient the Field Study Students on the policies, regulations and environment of the school including the assignment of classes and responsibilities.
- Inform the RTs of the roles of these FSS like limiting the requirements and their activities of the particular course; and
- Arrange the schedule of the Field Study Students making sure that only enough number of them will be made to come to school at a specific time.**

Resource Teachers are reminded that they are not duty bound to coach/mentor the FSS. Their responsibility is limited only to certifying the attendance of the FSS and guiding them to behave properly when they are in the school campus.

Any concern/issue regarding Field Study Students and Student Teachers shall be immediately reported to this office c/o Dr. Erlinda N. Calumpang, Chief of the Curriculum Implementation Division.
