ANNEX B.1.3 Division Monitoring Tool for School Capacity Building on Basic Disaster Risk Reduction and Management, Climate Change Adaptation and Education in Emergencies

This School Monitoring Tool is aimed at tracking of DRRM capacity building provided to schools including those from other government agencies and partners. Also, this will serve as basis for the analysis on the needs of the schools in terms of capacity building. This is primarily for the use of the DRRM division coordinator who is expected to conduct the monitoring of schools capacity building on Basic DRRM. This should be encoded and submitted to region on a mid-year and annual basis for consolidation before the final submission to DRRMS.
