SUBJECT : **DQ SCREEN TIME STUDY SURVEY**

Date : **08 December 2017**

The Asia Society for Social Improvement and Sustainable Transformation (ASSIST) is an international non-government organization that promotes sustainable practices to address social problems in the developing world, focusing on Asia and Africa. It is the Department's partner in teaching disaster awareness and preparedness and in promoting social values of responsibility, teamwork and cooperation through the Master of Disaster (MOD) board game.

ASSIST also collaborates with DQ Institute, another international institution that developed the DQ World Program that conducts the DQ Screen Time Study, aimed at empowering individuals, families, organizations and countries to harness digital media and technology, and maximize positive outcomes, while preventing and mitigating risks. As local ambassador of DQ Institute, ASSIST in partnership with DepEd, will conduct the DQ Screen Time Study survey to gather invaluable insights from Filipino children's digital lives and specifically to understand their digital media and device usage, exposure to cyber-risks (including cyber-bullying, offline meetings, and access to inappropriate contents), screen time management ability, and perception of parental mediation and learners education.

In this regard, may we request the Regional Office to facilitate the participation of our schools and learners to such voluntary survey. Further, parents' consent must be secured and necessary remedial classes should be conducted in compliance with DepEd Order 9, s. 2005, entitled: *Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*.

For queries and clarifications, you may contact Ariane Lim of ASSIST at (+63) 917 572 8833 or email at ariane@asianngo.org.

Thank you very much.
