At Microsoft, we believe that technology alone cannot develop the 21st-century skills students require. Technology is an accelerator, but **alone** it does not enable change. We believe in the power of schools and the impact school leadership can have when they work towards a common goal.

We would like to invite the above Microsoft Education Ambassador/s should they wish to join on **February 9, 2018 (1:00pm to 5:00pm)** and **February 10, 2018 at ASpace Cebu** from 08:30am to 05:00pm as we aim to deliver impactful sessions on the digital transformation journey that involve our school leaders, administrators, policy makers, educators and students to equip them with a strong education leadership skills set that is relevant in today's increasingly digital world.
