Dear Ma'am Juliet.

Greetings!

The Meralco Energy Education Program (Energy Ed) is a collaborative effort of the private, government and civil society sectors to promote basic concepts and principles of energy to schools and communities that is aimed at bringing a heightened consciousness about the effective and efficient use of energy (RA 9136, Chap 1, Sec. 2-k) and provide opportunities for school heads, teachers, students, parents and the community to formulate sound energy decisions. This is under the strong partnership of One Meralco Foundation, Coalition for Better Education and in collaboration with the Department of Education.

The Energy Education Kits were already able to reach 12 out of 18 regions and 77 DepEd divisions in the country. Along this line, we will be conducting the M&E for all Energy Ed recipient schools nationwide **In February and March 2018.**

The school M&E will include an FGD with selected teachers and students who have used the Energy Ed Flashcards. Rest assured that no class will be disrupted in the process. CBE will likewise coordinate with the respective Energy Ed Teacher-authors and principals of the respective schools for easy facilitation of the M&E.

Attached with this letter is the identified list of schools and schedule of the M&E visit.

For your confirmation and/or any clarifications you may wish to make, please contact our Project Staff Adam Anay at telephone numbers (032) 416-4625 to 26 and/or mobile number 0936-8802339. You may also email us at brianadamanay@outlook.com.

Thank you.

Sincerely,

LUCHI C. FLORES
Executive Director
