October 30, 2018

HON. ERNIE T. UY  
Municipality of Mabinay  
Negros Oriental

Dear Mayor Uy:

Greetings!

The Department of the Interior and Local Government (DILG), with the desire to strengthen the capacities of the LGUs in the areas of water supply and sanitation, has designed several capacity development programs intended for the participating LGUs of both SALINTUBIG and Assistance to Municipalities (AM) – Provision of Potable Water Supply, Sanitation and Hygiene (iWaSH) Sector Planning which aims to strengthen the local governance systems, empower communities on integrated safe water, sanitation and hygiene, improve policies, institutional systems, planning, programming and budgeting integrating rights-based and gender responsive principles and actions.

The Sector Planning is a municipal-level plan that primarily contains relevant data and information about the municipality's water supply and sanitation condition/situation. The Sector Plan is a good tool for the LGU's in decision and policy making, and accessing financing for the improvement/sustainability, maintenance and operations, and expansion of water supply facilities. This helps ensure the delivery of potable, accessible and affordable water supply to the communities.

With the help of the Regional iWaSH Hub, LGUs will be provided with technical assistance in the preparation of the iWaSH Sector Plan. The training program is designed to strengthen the capacity of the LGUs to develop water, sanitation and hygiene sector plans to prioritize projects and investments. The **Sector Assessment Validation, Investment Planning and Sector Plan Formulation-Batch 2** will be conducted on November 26-28, 2018 from 8:00AM to 5:00PM. The exact venue will be announced later.

Relative hereto, we are inviting the following participants from your LGU, to wit:

1. Local Chief Executive (Mayor);
2. SB Member
3. LGU Department Heads and Staff:
  - a. Mun. Planning and Development Coordinator (MPDC)
  - b. Mun. Engineer (ME)
