Dear Dir. Jeruta:

Greetings from the Philippine Business for Social Progress (PBSP)!

PBSP's Education program is currently implementing projects to assist schools in achieving quality basic education. One of these is the development of additional learning modules that would help enrich student learning on Clean and Renewable Sources of Energy.

Together with our partners, we will be conducting a write shop to develop Learning Modules (LM) and Teacher's Guides (TG) for Grades 6, 9, 10 and 12. These modules will be distributed to selected schools in Regions 3, 4A and 7 for the pilot implementation. This will be held on May 25-27, 2018.

It is for this reason that we would like to seek your assistance in identifying 15 teacher writers who are experts in the field of science (9) and/or have strong pedagogical background (6). These teachers will be developing the LM and TG for Grades 6, 9 and 12.

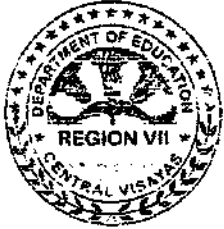

Our staff, Zyra Manelle Uy, will coordinate with your office on this. Should you have any question/s, you may reach her through email at zcuy@pbsp.org.ph or through contact numbers (02) 527-7741 loc 317/ 0917-5202819.

Thank you and we look forward to our continuous partnership for the education of the Filipino children.

Very truly yours,

Thank you for continuously assisting us in our quest for quality basic education. Additional learning modules on "Clean and Renewable Sources of Energy" would surely make Science learning more relevant and engaging.

The Regional Science Supervisor will identify the 15 teachers who will be developing TM and TG for Grades 6, 9 and 12 with instructions re: expertise in module writing and Science teaching pedagogies as bases for selection. This Office will be sending the names of these 15 teachers to Zyra Manelle Uy in the contact numbers and email address you have provided.

Our appreciation for the unending support and commitment "Para sa Bata, Para sa Bayan".
